PAYMENT TERMS & CONTRACT CONDITIONS

Winds of Change is exclusively published by the American Indian Science and Engineering Society (Publisher).

FREQUENCY DISCOUNTS

Rates are based on the number of insertions run in a contract year. If within 12 months, fewer insertions are placed than specified, the rates will be short-rated accordingly. Two-page spreads count as two insertions toward earned frequency rates.

RATE CHANGES

The Publisher reserves the right to change the rates upon 60 days written notice. Contracts may be cancelled at the time a change in rates becomes effective without incurring a short-rate adjustment, provided the contract rate has been earned up to the date of cancellation.

RATE POLICIES

All insertion orders for advertising in *Winds of Change* magazines are accepted subject to the terms and provisions of the current advertising rate card. Publication of the advertisement represents acceptance of the order. No conditions, printed or otherwise, appearing on the space order, billing instructions, or copy instructions that conflict with the Publisher's stated policies and current rate card will be binding with the Publisher. Any insertion of advertising made by the agency or advertiser represents an acceptance by both the agency and the advertiser of all the terms and conditions of the rate card applicable to the issue in which the insertion is to be published. The Publisher reserves the right to hold the advertiser and/or its advertising agency jointly and severally liable for such monies as are due and payable to the Publisher. The Publisher will not extend credit for advertising orders or space reservations that claim sequential liability. Failure (by the advertiser) to make the order correspond in price or otherwise with the rate schedule is regarded only as a clerical error, and the publication of the advertisement will be made and charged for upon the terms of the rate schedule then in force without further notice. Advertising rates, terms, and conditions set forth in this rate card shall govern and supersede any other information published in previous rate cards, directories, media guides, or rate and data services.

CANCELLATIONS

Cancellations of signed insertion orders must be submitted in writing and shall not be considered accepted until confirmed in writing by the Publisher. Space reservations are binding and non-cancellable after published closing date. Covers are non-cancellable. Publisher reserves the right to not only run the most recent advertisement submitted by the advertiser even if the material was indicated to be for a previous issue, but also charge the full amount as indicated on this agreement if the Publisher does not receive the material by the published space close date or by a Publisher-approved extension date. If no previous advertisement exists, it is the Publisher's right to run a house advertisement in its place and charge the full rate as indicated on the advertising insertion order.

COMMISSIONS

Standard 15% commission of gross to recognized agencies provided payment is received within the terms of the sale. Commissions are not allowed on billings over 90 days past due from date of invoice. Only space charges are commissionable. Production or mechanical charges are billed at net and are non-commissionable.

INVOICING POLICY

Prepayment Requirements: Prepayment via check or credit card is required for ©-page and smaller placements. If paying by credit card, a completed credit card authorization form must accompany insertion orders to ensure placements. Please contact your sales representative for an authorization form if one is not provided with the insertion order. Payment by check must be mailed with a copy of the completed insertion order to the address below. New agencies/advertisers may be required to prepay for their first advertisement and submit a credit application. The Publisher reserves the right to revoke or deny credit terms at any time. Qualified advertising is invoiced at the time of publication. Payment is due within 30 days of invoice date. Finance charges accrue at a daily rate of 2% compounded, on payments received after that date. To ensure payment is accurately applied, please include the invoice number and the name of the advertiser on the check.

GENERAL CONDITIONS

All advertisements in *Winds of Change* magazines are accepted and published on the representation that both the advertiser and the advertising agency are authorized to publish the entire content and subject matter thereof. Failure to publish advertising matter invalidates the insertion order only for such matter, but does not constitute breach of contract. In consideration of publication of an advertisement, the agency and the advertiser, jointly and severally, will indemnify and hold harmless the Publisher, its officers, agents, and employees, against all expenses (including legal fees) and losses resulting from the publication of the contents of advertisements, including, without limitation, claims or suits for libel, violation of right of privacy or publicity, plagiarism, copyright or trademark infringement, and any other claims or suits that may arise out of the publication of such advertisements. All contents of the advertisement are subject to the Publisher's approval. The publisher reserves the right to reject, exclude, or cancel any advertisement, insertion order, space reservation, or position commitment at any time. The Publisher will insert the word "advertisement" prominently into any advertisement that simulates editorial content. Terms of this agreement may be voided by the Publisher due to strikes, accidents, fires, acts of God, and other contingencies that are beyond the Publisher's control. The Publisher assumes no liability if for any reason it becomes necessary to omit or cancel the advertisement. The Publisher's liability for error will not exceed the charge for the advertisement in question. The Publisher assumes no liability for errors in the advertiser's index or any type set by the Publisher. As used in the terms and conditions, the term "Publisher" shall refer to the American Indian Science and Engineering Society.
