2024 MEDIA KIT

Make award-winning *Winds of Change* magazine your multifaceted resource for reaching Indigenous STEM students and professionals

The Unique — and Growing — *Winds of Change* Audience

Winds of Change is the only choice to reach a broad range of Indigenous North Americans and Pacific Islanders in STEM:

- Students, from pre-college through postdoc
- Parents and educators
- Aspiring and mature professionals
- Retirees and elders
- Partner organizations (corporations, federal, tribal, nonprofit, and educational institutions)

The Award-Winning *Winds of Change* Content

Winds of Change is designed to engage a diverse, STEM-focused constituency by delivering a variety of content:

- Timely feature articles
- Inspiring “role model” profiles
- Internship, scholarship, fellowship, training, and summer program news
- News of colleges and universities
- Our partner list
- News of AISES and its members
- Advertising with opportunities for the entire AISES audience
- A digital version of each issue
- Dynamic social media posts

The Broad *Winds of Change* Reach

Through a combination of print and digital publishing, *Winds of Change* magazine reaches a diverse and growing readership [link to breakdown]. Together with the *Paths to Opportunities* e-newsletters and website content, *Winds of Change* promotes diversity in STEM while engaging readers with an inspiring message about overcoming obstacles on their own STEM paths

OUR MISSION: The American Indian Science and Engineering Society (AISES) is a national nonprofit organization focused on substantially increasing the representation of Indigenous peoples of North America and the Pacific Islands in science, technology, engineering, and math (STEM) studies and careers.

AISES Is on a Mission

AISES is a national nonprofit organization focused on substantially increasing the representation of Indigenous peoples of North America and the Pacific Islands in science, technology, engineering, and math (STEM) studies and careers.

AISES Realizes Its Mission by Focusing on Three Areas:

- Indigenous Student Access and Success
- Career Support and Development for Indigenous Students and Professionals
- Equitable and Inclusive Educational Institutions and Workplaces

AISES Applies Proven Strategies to Implement Its Mission:

INCREASE AWARENESS AND RETENTION IN PK-12 EDUCATION BY PROVIDING:

Educator professional development
Culturally relevant STEM curricula
STEM education resources
Direct student engagement through college and career readiness in STEM
Hands-on, project-based STEM activities.

INCREASE ACCESS AND SUCCESS IN HIGHER EDUCATION BY PROVIDING:

Financial support through academic, travel, and emergency funding
STEM education and career exploration
A growing community within STEM
Professional development
Cultural connections to affirm students' identities as Indigenous STEM scholars
Academic, community, and cultural support to increase student access to and success in higher education.

INCREASE LEADERSHIP OPPORTUNITIES FOR PROFESSIONALS THROUGHOUT THEIR CAREERS BY PROVIDING:

Professional development grounded in Indigenous values
Opportunities for giving back to Indigenous communities
Recognition through AISES Professional Awards
Specific programs to support career advancement and mentorship.

INCREASE VISIBILITY AND UNDERSTANDING THROUGH PARTNERSHIPS AND RESEARCH BY ILLUMINATING:

The challenges and successes of Indigenous STEM students and professionals
The results of AISES-led research
The efforts of AISES to help workplaces and institutions create a more inclusive culture.

Digital Newsletters

Paths to Opportunities is distributed monthly to **more than 14,000 AISES members, subscribers, and supporters, with a consistent open rate and several forwards of each issue.**

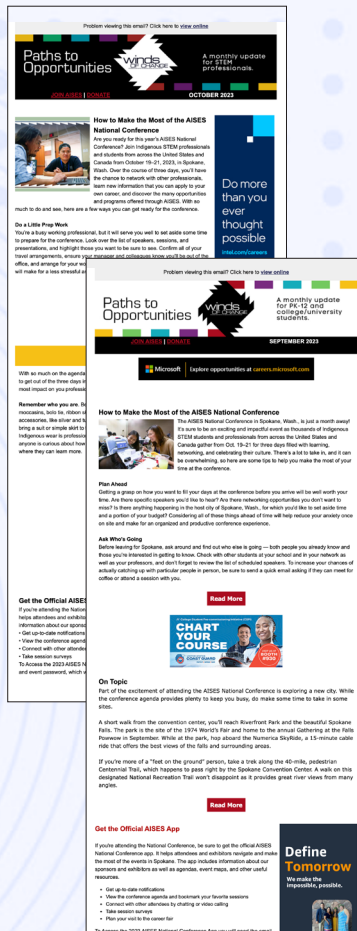

Must-read digital newsletter **Paths to Opportunities** is really two different newsletters. It's published monthly in two different versions for two distinct segments of the *Winds of Change* audience:

- Pre-college, college, and graduate students
- STEM professionals and educators

Each version is customized with news of career-development opportunities along with editorial content targeted to its unique demographic segment of Indigenous North Americans and Pacific Islanders in STEM fields. Each issue also provides news on timely topics and upcoming events from the AISES family.

Paths to Opportunities for students includes news of scholarships, fellowships, and internships as well as articles that will help them succeed academically and stay on a path leading to a satisfying career in a STEM-related field.

Paths to Opportunities for active STEM professionals and educators includes news of career development, internships, and employment opportunities with outstanding organizations, agencies, universities, and corporations in multiple STEM fields, as well as articles and tips on building a fulfilling career.

Customize a Special Issue of the digital newsletter for your company/organization.

Here's how to have dedicated content tailored to your targeted audience. Topics will be chosen by you and approved by AISES. To find out more and have your very own newsletter, contact us today! To see samples, go to tiny.cc/gfb6tz and bit.ly/3QBJmEO or scan the QR codes.

PAYMENT TERMS & CONTRACT CONDITIONS

Winds of Change is exclusively published by the American Indian Science and Engineering Society (Publisher).

FREQUENCY DISCOUNTS

Rates are based on the number of insertions run in a contract year. If within 12 months, fewer insertions are placed than specified, the rates will be short-rated accordingly. Two-page spreads count as two insertions toward earned frequency rates.

RATE CHANGES

The Publisher reserves the right to change the rates upon 60 days written notice. Contracts may be cancelled at the time a change in rates becomes effective without incurring a short-rate adjustment, provided the contract rate has been earned up to the date of cancellation.

RATE POLICIES

All insertion orders for advertising in *Winds of Change* magazine are accepted subject to the terms and provisions of the current advertising rate card. Publication of the advertisement represents acceptance of the order. No conditions, printed or otherwise, appearing on the space order, billing instructions, or copy instructions that conflict with the Publisher's stated policies and current rate card will be binding with the Publisher. Any insertion of advertising made by the agency or advertiser represents an acceptance by both the agency and the advertiser of all the terms and conditions of the rate card applicable to the issue in which the insertion is to be published. The Publisher reserves the right to hold the advertiser and/or its advertising agency jointly and severally liable for such monies as are due and payable to the Publisher. The Publisher will not extend credit for advertising orders or space reservations that claim sequential liability. Failure (by the advertiser) to make the order correspond in price or otherwise with the rate schedule is regarded only as a clerical error, and the publication of the advertisement will be made and charged for upon the terms of the rate schedule then in force without further notice. Advertising rates, terms, and conditions set forth in this rate card shall govern and supersede any other information published in previous rate cards, directories, media guides, or rate and data services.

CANCELLATIONS

Cancellations of signed insertion orders must be submitted in writing and shall not be considered accepted until confirmed in writing by the Publisher. Space reservations are binding and non-cancellable after published closing date. Covers are non-cancellable. Publisher reserves the right to not only run the most recent advertisement submitted by the advertiser even if the material was indicated to be for a previous issue, but also charge the full amount as indicated on this agreement if the Publisher does not receive the material by the published space close date or by a Publisher-approved extension date. If no previous advertisement exists, it is the Publisher's right to run a house advertisement in its place and charge the full rate as indicated on the advertising insertion order.

COMMISSIONS

Standard 15% commission of gross to recognized agencies provided payment is received within the terms of the sale. Commissions are not allowed on billings over 90 days past due from date of invoice. Only space charges are commissionable. Production or mechanical charges are billed at net and are non-commissionable.

INVOICING POLICY

Prepayment Requirements: Prepayment via check or credit card is required for ©-page and smaller placements. If paying by credit card, a completed credit card authorization form must accompany insertion orders to ensure placements. Please contact your sales representative for an authorization form if one is not provided with the insertion order. Payment by check must be mailed with a copy of the completed insertion order to the address below. New agencies/advertisers may be required to prepay for their first advertisement and submit a credit application. The Publisher reserves the right to revoke or deny credit terms at any time. Qualified advertising is invoiced at the time of publication. Payment is due within 30 days of invoice date. Finance charges accrue at a daily rate of 2% compounded, on payments received after that date. To ensure payment is accurately applied, please include the invoice number and the name of the advertiser on the check.

GENERAL CONDITIONS

All advertisements in *Winds of Change* magazine are accepted and published on the representation that both the advertiser and the advertising agency are authorized to publish the entire content and subject matter thereof. Failure to publish advertising matter invalidates the insertion order only for such matter, but does not constitute breach of contract. In consideration of publication of an advertisement, the agency and the advertiser, jointly and severally, will indemnify and hold harmless the Publisher, its officers, agents, and employees, against all expenses (including legal fees) and losses resulting from the publication of the contents of advertisements, including, without limitation, claims or suits for libel, violation of right of privacy or publicity, plagiarism, copyright or trademark infringement, and any other claims or suits that may arise out of the publication of such advertisements. All contents of the advertisement are subject to the Publisher's approval. The publisher reserves the right to reject, exclude, or cancel any advertisement, insertion order, space reservation, or position commitment at any time. The Publisher will insert the word "advertisement" prominently into any advertisement that simulates editorial content. Terms of this agreement may be voided by the Publisher due to strikes, accidents, fires, acts of God, and other contingencies that are beyond the Publisher's control. The Publisher assumes no liability if for any reason it becomes necessary to omit or cancel the advertisement. The Publisher's liability for error will not exceed the charge for the advertisement in question. The Publisher assumes no liability for errors in the advertiser's index or any type set by the Publisher. As used in the terms and conditions, the term "Publisher" shall refer to the American Indian Science and Engineering Society.
